## Amendment to the Bylaws

YES     NO

The Board of Directors for the Sports Car Club of America, Hawaii Region, has proposed a certain amendments to the by-laws of the Hawaii Region. The purpose of the amendments is to have the members elect a Board of Directors who would in turn would appoint the office of the corporation.

Presently, officers and directors are elected directly by the members. The purpose of the amendment is to make the by-laws more in line with normal corporate practice.

Thus, the proposed amendments would change Article IV, Section 1 to indicate that the officers of the region would be appointed by the Board of Directors rather than elected directly. Article IV, Section 2 would be amended to indicate that the Board of Directors would not automatically consist of the officers that are elected. Article IV, Section 4, would also be amended to reflect that the directors would be elected directly by the membership, but not the officers.
